

ASSEMBLY INSTRUCTIONS FOR:

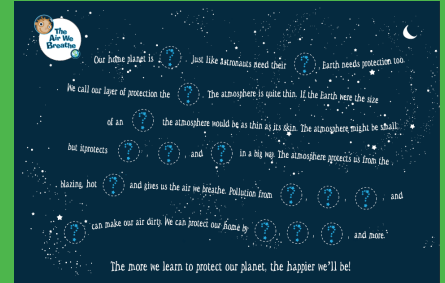

THE AIR WE BREATHE

SUPPLIES:

Scissors
Foam Core
Laminator
Spray Adhesive
Velcro (clear dots work best)

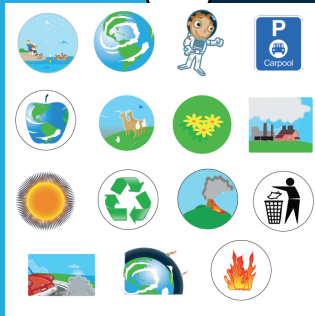

1

Print the Game board.
Recommended size is 24 by 36. Adhere the print to a foam core board. I use Scotch Super 77 adhesive spray, but any glue should work.

2

Print the Game pieces and cut them out. Final game piece size will vary by shape, but the average circle game piece will be 2.5 inches in diameter.

3

Laminate each game piece.

4

Attach one side of the velcro to the center of each question mark on the backboard, shown here with white X's.

5

Place a piece of Velcro on the middle of the back of your game pieces.

YOU'RE FINISHED!
